Mrs. Cosgrove Agrees Deceased Brother Tried to Send Madge Approval of Loan

THERE was a [illegible] M[illegible] [illegible] Ma[illegible] [illegible] money?"

"[illegible] I said [illegible] If [illegible] Mar[illegible] and her certain [illegible] if Ronald were [illegible] [illegible] the hard [illegible] and [illegible] which would [illegible] his stepfather [illegible] I would [illegible] of this money [illegible]

Of course from the [illegible] of a financial expert [illegible] absolutely indefensible [illegible] I said [illegible] The man is virtually a bankrupt and he has no security whatever to offer me for the loan

But I amended [illegible] Dicky who disapproves [illegible] that I really run the risk of not getting the money back eventually He says that Robert [illegible] while a bit crooked [illegible] of the shrewdest financiers [illegible] to be found in his business He [illegible] that if Brixton cannot [illegible] make a comeback upon twenty five thousand dollars he knows what he is talking about

That's [illegible] Mrs Cosgrove said but I'm going to give you the first bit of advice I've ever offered you Remember you've asked for it

Unexpected Advice

I know [illegible] said and I'm anxious to hear it

But my heart had traveled rapidly to the level of my shoe soles Was she going to tell me after all that she disapproved my plan?

"I'm going to tell you" she said "that you not only ought to advance the money to save this man's business but that if he fails to make good you ought to take enough more money from the fund Robert left to insure Ronald's finishing his college education—and his sister's also I am sure a young fellow with his high ideals would not hear of finishing college if his sister were to be deprived of the same chance"

Madge Is Jubilant

No he wouldn't consent to that for a second I asserted my brain whirling a bit with this sudden change from despondency to jubilance at what she was telling [illegible] I thought [illegible] tell you now [illegible] you are doing a very thing [illegible] should go [illegible] have gone [illegible] glance at [illegible] the [illegible] myself but I [illegible] Dicky and Mr [illegible] also over[illegible] the half [illegible] given them elves [illegible] after us And I [illegible] close this col[illegible] telling Robert Sav[illegible] the eerie inquiries [illegible] come to me at [illegible] first thought of [illegible] Samuel Brixton with money from Robert's [illegible] legacy

[illegible] what this means to me [illegible] And before [illegible] I must tell you what was the strongest reason I had for making this decision

I took a deep breath and went on

"When Samuel Brixton was telling me of his troubles I began all at once there came to me out of nowhere as it were the idea of taking this money from your father's estate and lending it to him

Recalls Eerie Message

And then all at once—I can't tell you how clear it was—I had the queerest impression that Robert was near me and that he was trying to convey a message to me a message of approval [illegible] was going to d[illegible]

"Of course Dicky [illegible] to tell him [illegible] ity and said that [illegible] born of [illegible] Brixton and of [illegible] consciousness that [illegible] one to question [illegible] the money [illegible] But I cannot help [illegible] from somewhere Robert [illegible] ing to send me [illegible]

Of course [illegible] Savaren[illegible] and [illegible]

30 ENTRIES EXPECTED IN PULLING CONTEST

Partial List Announced Today for Draft Horse Event Scheduled at Fairground Sunday

A partial list of teams entered in the horse pulling contest to be held Sunday afternoon at the Marion county fairgrounds was announced today by Ray Hennesey of Bellefontaine secretary of the Horse Pulling Association of Ohio sponsors of the event Thirty entries are expected

The list includes teams from Mt Victory Delaware and other towns in Ohio and Indiana One of the teams entered by Jefferis and Flatter of Greenville O was the winner of a contest sponsored by the Chicago Tribune on June 23 Hennesey said A total of 30 teams is expected to be entered

The horses will be weighed at the fairgrounds at 11 30 a m A parade at 1 30 p m will open the day s events

Keen contests between the draft horses are expected as they try for $500 in prize money by pulling weight ranging from 13 to 21 tons The pulling distance is 27½ feet

Hennesey said the contests will give farmer spectators a practical exhibition of the capacity of the draft horse and a n of breeding and an opportunity to study different breeds and methods of handling

Teams have been entered by the following owners

Jefferis & Flatter of Greenville O Floyd Weaver of Xenia O Denniston & Son of Ansonia O Harry Dillon of Lisbon O Cotter Bros of West Unity O Sandy Rader of Deshler O Herbert Vincent of New Holland O W P Wright of Coshocton W N Nicholas of Westerville Maurice Collins of Hamler Harvey & Harvey of Mt Victory George Manley of Ashland A F Piatt of Delaware C A Pfeiffer of Greenspr gs O I E Simmons of Versailles O Albert Taverner of Bowling Green Ted Maurer of West Milton O John Prough of Millersburg Ind *Ruskey Farm of Bowling Green* Eugene Showalter of Middlebury Ind Truman George of Milford Ind Camboe Ford Sales Co of Pioneer O and C H McClain of Paulding O

ness in the world With them also will be an accordion a gift which both Rev and Mrs Zimmer appreciate greatly because it will be easily transportable Mrs Zimmer is a pianist and expects to master the accordion in a fairly short time

Life In China

In China Mrs Zimmer s life will be that of any housewife except that from time to time she will be called upon to do missionary work among the Chinese women

Native preachers at the outstations do not baptize or receive members into the church and this will be included in Rev Zimmer s missionary work

I was brought up in the church and I know of no better way to invest my life than to devote it to God Rev Zimmer said in response to a question regarding his choice of missionary work as a life work I believe God definitely wanted me he added

The zeal and fire with which he talks of his coming work was kindled by Dr E Stanley Jones internationally known Methodist Episcopal missionary when he talked to a group of students at Asbury college in Wilmore Ky The noted divine had returned from a tour of Chinese missions and his presentation of the Chinese cause and the future of China especially in working among the young people was an inspiration and a call that Rev Zimmer has answered He was offered mission field work in Japan but the pull of China and the message of Dr Jones made him refuse and insist on being sent to work among the Chinese

Pay Of Missionaries

Rev Zimmer s pay as a missionary will be $1 100 a year The mission board gives an additional $100 a year for each child born to missionaries and pays the major portion of the child s education through high school and college

For more than six years as a boy Rev Zimmer carried The Star He started as a newsboy when the newspaper office was on East Center street and President and Mrs Harding were its guiding lights He was a great friend of the kids Rev Zimmer said of the President.

Rev Zimmer was graduated from Harding High school in 1929 with an excellent football record made under Coaches Sprow Bohyer and Compton His first year was spent playing tackle on the second team but in his junior and senior years he was a varsity man playing guard in his third year and end the last year He represented his school in the mile and half mile track events at state meetings

Asbury Graduate

He was graduated from Asbury college in Wilmore Ky in 1934 with an A B degree and from the Evangelical Theological seminary at Naperville Ill in 1936 with a bachelor of divinity degree His work was all of an evangelistic nature Mrs Zimmer who was Sylvia Ruth Zinn of Morgantown W Va has an A B degree from West Virginia university at Morgantown from which she was graduated in 1933 and has had two years graduate work one at the Asbury Theological Seminary at Wilmore and one at the Evangelical Theological seminary at Naperville She prepared for missionary work among women

The congregation of Calvary Evangelical church recommended Rev Zimmer to the ministry and he was licensed in Marion on Aug 22 1931 He was advanced to deacon s orders on Aug 23 1935 by Bishop G E Epp president of the Evangelical board of missions and was ordained in a ceremony which took place in April of this year under the auspices of the Illinois conference His ordination came after a year s pastorate of an Evangelical church at Melrose Park a suburb of Chicago

Both Rev and Mrs Zimmer are members of Calvary church and both expect to retain their membership in the Marion congregation.

Your Health

BY DR. R. S. COPELAND

Hemophilia

HISTORIANS OFTEN record interesting medical events For example they tell us of certain epidemics and diseases which destroyed large and powerful nations The map of the world has been greatly altered by the health of nations and their individual citizens

Hemophilia is a disease that has influenced the making of history As you no doubt know many members of the royal families of Europe have been afflicted with this disease For example the last czar s only son was a sufferer from this disease One of the sons of the ex king of Spain is afflicted with this ailment

Hemophilia is a hereditary disease of the blood Victims of this disorder bleed on the slightest provocation For this reason they are called bleeders

A bleeder may suffer fatal results from a simple blow or a trifling injury such as a scratch or fall The bleeding is sudden unexpected and often uncontrollable For this reason bleeders" are unable to withstand the stress and strain of life and must always be guarded against minor injuries accidents and operations

It is interesting to learn that the disease is hereditary and once occurs in the family it will persist until that family has become extinct It is transmitted by the female but is only found in the male offspring

This is a strange but true fact Studies have shown that though a daughter may inherit the disease she herself will show no signs of it Without fear or danger she may have an operation performed If she suffers a cut she will lose no more blood than the average quantity of blood But if she marries and has a son then the child will be afflicted with hemophilia This offspring will be a bleeder

Within recent years rapid strides have been made in the treatment of this disease Time was when a ... could be ... serum human blood and special vaccines Indeed a severe case has recently been lost which helped ultimately to prevent the complete cure of the disease

In addition to this advancement made in the treatment of hemophilia rapid strides have been made in the method for the early recognition of this disorder

TOWNSEND DEMANDS NON - PARTISANSHIP

Calls on Followers To Quit Old Parties or Drop Out of Pension Organization

By The Associated Press

CHICAGO Aug 7 Dr Francis E Townsend founder of the old age revolving pensions plan yesterday called upon his followers to pursue a non partisan course in the coming presidential campaign

The Townsend organization he said is not a political party and has endorsed no party

Personally I am going to vote for the Union party candidate Congressman William Lemke of North Dakota for president because he is the only candidate for president who has definitely declared himself for the Townsend plan he said

I am not indorsing the Union party the Democratic party or the Republican party I am acting strictly as a non partisan

He called upon any of his followers to resign who ...

Wish to support candidates for congress who are not pledged to the Townsend plan

Who wish to play party politics by supporting Candidate Landon who has not committed himself to the Townsend plan or

Who desire to vote and work for the election of President Roosevelt who is known to be violently opposed to our program

He advised his followers either to sever their allegiance to the old parties and devote their full energy to the promotion of the Townsend plan or to sever their allegiance with the Townsend organization and give their whole effort and time to partisan politics"

TAX HIKE SEEN DUE TO DROUTH

Economist Predicts Increase In Burden To Support Needy Unemployed

By The Associated Press

CHICAGO, Aug. [illegible] were [illegible] at least as high [illegible] by Ernest Hahne, Northwestern university economist, as a probable result of the drouth.

Basing his prediction [illegible] the economic effects of dry spells of 1934 and previous years, Hahne said the country could expect:

1. An increase in taxes [illegible] the needy and unemployed. [illegible] he said [illegible] only have created a shortage in the demand for farm hands [illegible] still [illegible] migrate to the cities [illegible] relief rolls there. [illegible] tax [illegible] ed to handle the heavier load.

Revenue To Drop

2. In the drouth areas real estate tax payments [illegible] likely [illegible] he added, forcing either an increase in local levies or curtailment of the functions of local government [illegible]

3. [illegible] of higher prices for food and an increased cost of living are [illegible]. The economist explained that [illegible] crop [illegible] but affect certain manufactured products.

In addition [illegible] taxes, Hahne said, business will feel the [illegible] effect in several ways. Railroad car loadings drop abruptly when harvests fail to come in, he asserted, and since car loadings constitute one index of general business conditions, security markets [illegible] sometimes follow their variations.

Hahne said a severe drouth usually brings lapses in the interest payments on farm mortgages with companies which specialize in them feeling some consequences.

Brings Unison

Hahne saw two bright spots in the drouth situation.

He said the suffering of the farm belt had touched a chord of sympathy in industrial areas with the result that the country was being knit closer together.

Imports of farm products probably would be necessary, he said, opening the way for reciprocal foreign markets for manufactured goods.

Meanwhile, faced with forecasts of a marked decrease in meat supplies for 1937, the government's drouth relief committee in Washington today discussed what members describe as a serious situation resulting from delayed freight rate reductions on feed concentrates.

Harness Maker Lays Down Awl After Sixty Years

T. J. BOYD AT WORK BENCH

Thomas Jefferson Boyd, 85, Quits Trade He Learned in Mt. Victory in 1865

[illegible] making more than 60 of which [illegible] for himself [illegible] Thomas Jefferson [illegible] 85, sold his Mt. Victory harness shop and retired.

[illegible] Mr. Boyd went [illegible] asked [illegible] if he was thinking [illegible] As long as the [illegible] he [illegible] failing health that forced him to sell his shop. Since last February he has not been in the [illegible] and hearty health that he enjoyed for so many years but refused to retire until the shop was sold and continued to work until yesterday.

Floyd White of Mt. Victory, a harness maker and shoe repair man, purchased the shop.

Mr. Boyd learned the harness making craft when he was a lad of 14 back in '65 when men were returning from the Civil war and needed new harness to resume the farming that had been neglected, and in late years his customers have been the sons and grandsons of the "Boys in Blue."

More than 60 years ago Mr. Boyd went into business after having served his apprenticeship and gained experience. First he made work harness, later road harness and later added buggies, horses and accessories to his business. An ordinary year in the horse and buggy days meant sales of about 80 buggies, 90 sets of road harness and 50 sets of work harness. He sold dozens of outfits including horse, buggy, harness, robe and whip at from $300 to $500.

Mr. Boyd progressed with the times and when the automobile made its appearance about 1910 instead of resenting the advent of a mechanism that would seriously cripple his business he bought one of the first of the gasoline buggies in Mt. Victory and to this day motoring is one of his pastimes. The most serious inroad on his business of harness maker came in 1920 with the widespread use of the tractor in farming, but there were still farmers who needed harness repairs and occasionally new harness and by keeping up his equipment and supplies Mr. Boyd continued to stay in business. In the last few years the renewed use of horses in farming brought an accompanying boom to the harness business and to the Boyd harness shop.

Temperate living has been Mr. Boyd's recipe for the long, full life he has lived. He never drank, he doesn't smoke or chew tobacco and gets plenty of sleep.

Mr. Boyd and his wife are looking forward to celebrating their sixtieth wedding anniversary next month with [illegible] children [illegible] [illegible] and their grandchildren.

NEW DEAL FILM DRIVE SCORED

Republicans Claim WPA Has Set Up Film Propaganda Bureau

By The Associated Press

WASHINGTON, Aug. 7—The Republican national committee [illegible] WPA [illegible] propaganda bureau [illegible] had been established in the works progress administration and a contract made with Pathe News to produce films [illegible] at a cost of $1,930 for each 600 feet.

Under the contract, the statement said, the film organization agreed to release one news reel story on the subject of WPA activities each month through a national news reel.

In another statement, Rep. Chester C. Bolton of Ohio, as chairman of the Republican congressional committee, said: "The new campaign handbook of the new deal congressional committee, styled the Democratic Register, should prove a handy device for circumventing the corrupt practices act.

"The sale of advertising space at $750 a page affords an avenue of [illegible] campaign [illegible] as required by law," he added.

Triplets in Paternity Row Put in Mother's Custody

By The Associated Press

WEST PALM BEACH, Fla., Aug. [illegible] — [illegible] the role of Solomon, Judge C. E. Chillingworth yesterday gave into their mother's custody roly poly boy triplets born out of wedlock with fatherhood claimed by two men.

Ruling it unnecessary for him to determine between rival assertions of paternity, Judge Chillingworth found the welfare of "these innocent children" would be best served by leaving them in the care of twice-wed Mrs. Lois Miller.

Since the young mother last [illegible] months after birth of the boys—married one of the claimants [illegible] T. J. Miller [illegible] was a setback for [illegible] Louis D. Pierre, 33, [illegible] Miami automobile mechanic.

Pierre raised the question of paternity in a habeas corpus proceeding [illegible] to gain custody of Lamar, Marvin and Edgar, given to the mother after the juvenile court at Miami looked into the case shortly after their birth here.

The mother, a plump woman of 25, [illegible] Miller was the father of the triplets although she [illegible] to Judge Ch[illegible] living with both men.

The triplets were born [illegible] months before the mother [illegible] her first husband [illegible] whom [illegible] Pierre claimed he [illegible] the divorce.

Judge Chillingworth [illegible] open for further [illegible] stating he was giving [illegible] temporary custody [illegible] indicated he expected [illegible] to be final.

Wealthy Indian Feared Victim of Marriage Plot

By The Associated Press

TULSA Okla Aug 7—The disappearance of a blanketed oil wealthy Osage Indian 70-year-old Hehshahke sent agency officials on a hurried investigation today to determine whether he was taken away and married

Hehshahke—he had no other name—left his 600-acre farm near Fairfax Tuesday with two women and a man in a big sedan

W N Nash special officer of the U S Indian service expressed fear that the person who accompanied Hehshahke away from his home might attempt to force a marriage to get his wealth as the government contended was done in the Jackson Barnett case

Hehshahke (pronounced Hay Shaw Kee) is a ward of the federal government which allows him to receive only a restricted part of his income at certain intervals

As clues in their inquiry the officials knew of a marriage license issued for an Indian accompanied by a woman and a white man and a subsequent marriage but whether the groom was Hershahke remained a question

Hehshahke wealth was reported to be about $30,000 in addition to his land

COURT ACTION HALTS SCHOOL TRANSFERS

(Continued from Page One)

never in fact adopted by any action of the county school board

Deprived of Time

The injunction petition also charges that the plaintiffs in the action were deprived of one half of the time to which they are legally entitled to present remonstrances that Superintendent Mills had no right to make changes in the redistricting plan after the resolution calling for the program were adopted by the county school board on May 26 that at a public meeting called on May 19 to discuss the proposed redistricting plan no diagram or map was prepared to show the proposed changes in boundaries and that when opposition to the plan developed at the meeting member of the county board and Mr Mills withdrew and that no complete transcript of all the proceedings was forwarded to State Director Bowsher who did not thereafter to the knowledge of the plaintiffs order any transfer of territory or the creation of new school districts in Marion county

The petition also states that the Montgomery Pleasant Green Camp and Claridon townships school districts are burdened with outstanding indebtedness contracted prior to May 28 when the redistricting plan was adopted and that the county auditor's books show no outstanding indebtedness for the Marion township district. The board of the latter district objects to the transfer of its territory which is free from debt to territories carrying a debt load

Other Defendants

In addition to the county board Mr Mills Director Bowsher County Auditor Mounts County Treasurer Cole and the budget commission other defendants are members of the newly created school districts The petition asks that the new boards be restrained from functioning

While the defendants have until Sept 5 to file answer proceedings it is expected they will act in the near future as the redistricting program was to be in effect for the coming school year Superintendent Mills was out of the city today and could not be reached for a statement on the probable steps the defendants will take

TRAFFIC FATALITY RECORD IS BETTER

(Continued from Page One)

months by the National Safety council

Black predicted a further reduction in Ohio during the second six month He said that the new state drivers license law effective Oct 1 would place a stringent curb on reckless driving by eliminating unfit drivers

He credited the addition of 60 men to the highway police force for a reduction from 331 to 251 in fatal accidents outside of cities during the comparable six months period The patrol now has 120 members

Geauga and Noble had the best records of the counties surveyed Neither had a traffic fatality during the first six months Cuyahoga county (Cleveland) had 86 Hamilton county (Cincinnati) 7? and Franklin county (Columbus) 38

One of the sharpest decreases noted over the fatality toll for 1935 was in Scioto county (Portsmouth) Last year it had 14 traffic deaths During the first six months of 1936 it had only two

Forty Portsmouth citizens promoted safety by educating the public on the danger of carelessness and enlisting the cooperation of law enforcement officials in curbing reckless and drunken drivers

The city of Wooster which has had no traffic deaths this year gave the credit to a parent teacher association campaign of voluntary service to report traffic violations to the police department.

BIRTHS

Mr and Mrs Richard Tuttle of 983 Bennett street are the parents of a daughter born last night at the City hospital

A daughter was born this morning at the City hospital to Mr and Mrs LeRoy Thew of LaRue

OFFICIALS NOTIFIED TO LIST EMPLOYES

State Civil Service Commission Acts To Classify Office Workers

Four Marion county officials were notified by the state civil service commission today to file complete rosters of their office employes with the commission by Aug 15 as the first step toward putting the civil service law into effect in county offices

The notices came as a result of the Ohio supreme court's recent decision that a majority of positions held by county office employes are within the classified civil service

County officials receiving the notices were Harry A Mounts auditor Homer D Cole treasurer Oscar Gast probate judge and Everett B Grigsby clerk of courts

The state civil service commission program to place 10,000 county employes under classified service will leave the question of salaries up to county officials The Associated Press reported

The commission Ralph Emmons a member said today has no authority to order certain salary schedules but we can recommend to county commissioners salaries to be paid in counties of various sizes Such a program should equalize salaries in the various county offices

The law grants each county official three exempted deputies

with every seat taken and deputies went to the three convicted men immediately and handcuffed them The others were discharged

Holding that it was clearly shown the three convicted men took Penland to the Black legion meeting by force Judge Moynihan added

Is there anything in the record to indicate that Lawrence King and Robinson did anything to restrain or falsely imprison Penland?

I think the record supports a negative answer Not feeling that upon the record the guilt of King Lawrence and Robinson has been established beyond a reasonable doubt the court finds them not guilty

TWO PERSONS HURT AS AUTOS COLLIDE

One Taken to Bucyrus Hospital and Other Brought to Marion

Two persons were injured and a charge of reckless driving was filed against one motorist as the result of an accident yesterday about 5 15 p m at the junction of state routes 98 and 95 five miles east of Marion

Mrs A F Childers of Kentucky is in the City hospital at Bucyrus suffering from a fractured shoulder and will face the driving charge filed by the owner of the other car upon her release highway patrolmen from the Marion sub station who investigated the accident reported Arthur Lewis 19 of Centerburg son of J L Lewis the owner of the second car involved in the collision was brought to the Marion City hospital He is suffering from a sprained ankle and is to be released today hospital attendants said

Complete details of the accident are lacking highway patrolmen reported The Childers car they said was northbound on route 98 and the Lewis car was travelling the opposite direction when they met almost head on at the intersection of the two highways Damage to the Lewis car which rolled over twice and landed in the ditch at the side of the road was estimated at about $40 by the patrolmen The car was brought to the McDaniel Motor Co garage here and the reckless driving charge was filed in municipal court by Mr Lewis the patrolmen said

4 MURDERS LINKED TO VICE RING WARS

By The Associated Press

NEW YORK Aug 7 Police investigating four slayings of the last three weeks worked today on the theory that they were caused by gangland vengeance stirred by warring factions of underworld vice rings

Dominick Didato alias Terry Burn 39 said to have been ousted several years ago by the recently convicted Charles Lucky Luciano as leader of a racketeering organization was shot to death last night in front of a lower east side restaurant

Officers were reported working on the theory that differences with a vice ring led to Didato's death

Detective William King of the New York bureau of missing persons and Officer Henry Senft said the other three slain men were former associates of the late Arthur (Dutch Schultz) Flegenheimer one time beer baron who was killed several months ago

They were William Hesler whose body bearing 48 stab wounds was found trussed in a trunk in Brooklyn Tuesday Edmond Tauchol killed 11 days ago in downtown Manhattan and a man identified as Frank Clarity alias Frank McDonald 52 whose body was discovered Sunday in Long Island sound near Greenwich Conn

Mickey O'Neill 19 year old burlesque dancer who was questioned by Nassau county authorities after discovery of Hessler's body in Brooklyn aided in the identification of the body found in Long Island sound King said

Sweep Flat Races

The all conquering exploits of Owens Woodruff and Williams gave the United States her first sweep of the flat races 100 through 500 meters for the first time in 24 years The possibility that Owens may be given still another chance to add to his achievements developed today when Head Coach Lawson Robertson said he is giving serious thought to using Owens at anchor on the 400 meter relay team

Setting a record smashing pace for Olympic decathlon competition Bob Clark of San Francisco former National A A U titleholder won two of the five events on today's all around program amassing 4,194 points

Clark captured the 100 meter sprint in 10.9 seconds and the broad jump with a leap of 25 feet and then turned in a fine 50 second performance in the 400-meter sprint

Glenn Morris Fort Collins Colo world record holder clocked in the sensational time of 49.4 seconds bettering all previous decathlon records brought up the first day with a total of 4,192 points right on Clark's heels

Clark retained the decathlon lead through the shot put even heaving the ball 12.68 meters 41 feet 7 7.32 inches adding 680 points and making his total for the first three events 2,534 points

Morris Moves Up

Morris winner of the shot put with a toss of 14.10 meters 46 feet 2 33.64 inches moved into second place The Colorado all around star gained 826 points to boost his aggregate to 2,436

Akilles Jarvinen of Finland was in fourth place with 2,226 points and Armin Guehl of Switzerland fifth with 2,224 points

Reeling off the distance in record breaking time of 14.22.2 Gunnar Hoeckert of Finland captured the Olympic 5,000 meter championship

Hoeckert giving Finland her second distance running gold medal since *Ilmari Salminen's triumph* in the 10,000 meter pull last Sunday lowered the Olympic standard of 14.30 made by his compatriot Lauri Lehtinen in 1932 by seven and 8-10th seconds

Lehtinen the defending champion and John Henry Johnsson of Sweden who finished second and third also were clocked under the former Olympic record while Kohei Murakoso of Japan taking fourth place equalled it.

The former titleholder was timed in 14.25.8 beating Johnsson for runner up honors by three and two-tenths seconds as the Swede was caught in 14.29

The two American starters Louis Zamperini Torrance Calif schoolboy and Don Lash of Auburn Ind finished eighth and fourteenth respectively

LEWIS RIVALS MAY JOIN GREEN FACTION

By The Associated Press

WASHINGTON Aug 7 A possible new element in the American Federation of Labor membership which John L Lewis United Mine Workers are on the point of losing appeared on the troubled labor scene today

William Keck president of the Progressive Mine Workers of America and bitter critic of Lewis said at Gillespie Ill that when his union meets in convention next month it probably will consider the question of applying for A F of L membership

The labor world anxiously watched today to see whether the action of the A F of L executive council in ordering Lewis and 10 associated unions suspended from the federation unless they repented of their rebellion in 30 days would lead to civil war in labor ranks

Denials that plans for such a war were being drawn came from the Lewis camp and from supporters of the craft union leaders on the executive council whose ire was aroused by the Lewis drive to organize steel and other big industries into industrial unions in disregard of craft lines

The Unpopular Sales Tax

As urance [illegible] the sale tax [illegible] sumption is [illegible] than the [illegible] perfectly circulated [illegible] was the result [illegible]

[illegible] sal [illegible] for [illegible] apologized when they voted [illegible] and [illegible] apologized ever since for [illegible] The tax has had many believers but no friends

One feature about the tax cannot be disputed. It has produced a large amount of revenue quickly and at a relatively low cost. Productively it has been satisfactory. Since it was viewed at its inception as a depression source of revenue not as a permanent policy of taxation the tax can be called successful therefore.

Gov. Davey has taken advantage of its unpopularity to cause a referendum to be held on one field in which the tax applies—foodstuffs. No one dares to deny there is a good chance the referendum will be unfavorable to continuance of a levy on food. If that is what a majority of Ohio voters wish to do there is no reason why they shouldn't do it. They should consider however one fact if they ignore everything else.

By voting to discontinue the tax on food stuffs they will be voting to insert in the state constitution a prohibition against a sales tax on *food*. This is an accident of method circumstances made it necessary to submit the question as a constitutional amendment rather than as one of repealing a law.

If the referendum goes against the tax the present 3 per cent levy will be taken off foodstuffs sometime during the last quarter of the calendar year. Therefore no matter how great the emergency it would be impossible to collect a tax on food without passage of a constitutional amendment.

In the opinion of many persons interested in intelligent use of the law to improve society it is a mistake to include in the constitution which is the fundamental law of the state an arbitrary restriction of this kind. If Ohio wishes to exempt food from a sales tax it can do so by persuading the legislature if and when a sales tax bill for 1937 is framed to make the omission. That would be a better a safer and just as effective a way of doing what Gov Davey's opportunism has caused him to undertake in a manner which suggests burning down the barn to get the horse out.

For Shame, Grandfather!

Peltier's comet has come as close to the earth as it is going to come (15 800 000 miles) and now is roaring away into oblivion as far as the solar system is concerned.

Of the many who have read about the comet relatively few saw it with their own eyes. Interest in it reflects the growing interest in astronomy not the exciting nature of the comet itself which cannot be compared favorably with the famous Halley's comet—a comet that was a comet.

Nearly everyone who amounted to anything saw Halley's comet which was plainly visible for a number of days in the year 1910. Peltier's comet which required a telescope or at least a pair of binoculars and a lot of patience was not nearly so satisfactory a subject of fearful speculation.

Yet because comets are rare and because their appearance is duly recorded in the books it is probable that those who expect some day to be grandfathers and grandmothers are going to be put to it sooner or later to explain where they were and what they were doing in 1936 when the Peltier comet was visible.

Already one almost can hear children [illegible] hiding [illegible] shame grandfather and grandmother when those embarrassed worthies explain that they were so busy listening to the radio trying to understand the new deal and reading the best sellers of the time that they neglected to go into the yard and peer at Mr. Peltier's relatively unexciting comet.

"Socialism In Our Time"

The slogan "socialism in our time" [illegible] one Socialists use to encourage them in their fight against the "octopus of capitalism." If these crusaders would cast their eyes over to a new cooperative village they would see that a small beginning has been made. Yet alarmists need *not fear* the proletarian revolution is at hand even though this new governmental project at Hightstown N. J. will arouse widespread interest and has received the backing of Rexford G. Tugwell, resettlement administrator.

Eight families already have moved in and about 200 more will follow when sufficient houses are available. A [illegible] factory [illegible] all the village's employees pay them in [illegible] wages and divide [illegible] Eventually [illegible] steady [illegible] men's advance [illegible]

Here [illegible] dream [illegible] improve [illegible] [illegible] of the community [illegible] pioneering. Some [illegible] and intelligent [illegible] found they [illegible] the limitations of [illegible] Whatever the reason [illegible] prospered.

[illegible] just starting skeptics [illegible] their fire. It will be [illegible] whether this socialist [illegible] favored as it is at [illegible] and aided as it is [illegible] sell its products to the capitalistic world outside. One can be sure Mr. Tugwell will watch—and perhaps help.

Gentle Reminder

A candidate backed by the political machine of Tom J. Pendergast has run away with the Democratic primary for governor in Missouri and thereby hangs a gentle reminder of a curious thing about the new deal.

Boss Pendergast is friendly to the new deal. Other well known friends are Frank Hague the Jersey City Democratic boss, John H McCooey the Brooklyn boss, James J Dooling head man of Tammany Hall, and Joseph F Guffey the eminently practical Democratic political boss of Pennsylvania.

Other ardent new dealers who come easily to mind are Senators Joe Robinson of Arkansas, Alben Barkley of Kentucky, Pat Harrison of Mississippi, Ellison D Smith of S Carolina and last but not least Vice President John N Garner of Texas.

These are all estimable gentlemen. Yet it is plain from their records and what is known of their characters that they do not thrill deliciously at the prospect of tearing down the old order and erecting a new one approved by the advance guard of the Roosevelt new deal.

To come to the point, when new deal spokesmen start to question the liberalism of some of the gentlemen who have rallied 'round the Republican party they would do well to dish up an explanation for some of the peculiar misfits in their own camp. If the campaign is going to be resolved into a question of sincerity the major parties will meet on equal terms.

Snip, Snip

Russia is planning to open 1 500 barber shops with approximately 6 000 barber chairs and barbers to work at them in 1937. In the meantime 2 800 chairs will be distributed over the Soviet Union.

The idea of course is to do something about the legendary Russian whiskers. Ivan is going to be encouraged to stand before the world in a bare face. This is an extremely important matter.

Many persons in various parts of the world think whiskers are funny. Take Americans for instance. The heavily bewhiskered Russian "red" with a smoking bomb in his hand is as essential to cartooning as Uncle Sam.

A whiskerless Russia—which couldn't happen for a long time—would be a nation more like the nations it is inviting to imitate it. Clean shaven Russians would be easier to understand. It is in the final analysis a matter of salesmanship.

Persons with something to sell try to be as attractive as possible to their prospects. It so happens that whiskers aren't considered attractive in this particular period of the 20th century. The red baiters will need to redouble their vigilance when those new Soviet barbers start to go "Snip snip" in previously unmolested Russian beards.

Glancing Backward

TEN YEARS AGO

It was Saturday, Aug. 7, 1926.

U. S. Board Member Takes Farley Cue

Presents Unusual Circumstance of Person in Quasi Judicial Position Taking Part in Party Politics

BY DAVID LAWRENCE

(Copyright 1936 by The Marion Star)

WASHINGTON, Aug. —Out of [illegible] the other day a piece of news that [illegible] anything political [illegible] new dealers [illegible] that despite the [illegible] they are [illegible] activities of the wicked [illegible] of yesteryear in using government power to perpetuate themselves in office.

The *news item* was that Mrs Elinore M Herrick regional director for the national labor relations board in the metropolitan area has taken leave of absence to help organize the labor party and aid in the reelection of President Roosevelt and Governor Lehman.

Time was when anybody who had a quasi judicial office would hesitate to engage in politics even by the quasi discreet method of taking a leave of absence. Time was when persons who had judicial jobs to perform in supposedly non partisan boards and commissions would not think of taking a few months off to engage in direct political activity. Such things never were [illegible] even under the old deal because they were regarded as a contradiction of disinterestedness and as an implication of the [illegible] opinion to [illegible]

* * *

Under the national labor relations act a regional director has important functions to perform. Testimony to be taken [illegible] to be weighed, decisions to be rendered. The warfare between employing capital and employe labor is sufficiently intense to cause mutual suspicion to be the basic apprehension when confronted with a request for mediation by a government body. Today the national labor relations board is being fought in the courts principally because it is suspected of being a prejudiced tribunal interested in only one side of an industrial dispute.

The government as an umpire or as a holder of the scales of justice evenly makes more headway in settling labor disputes than when the officials are believed to be in alliance with one party to the quarrel. The regional director of the New York area has some important controversies to adjudicate. These hearings are in the nature of preliminary trials subject to review by the federal courts. But the rules of the existing statute give plenty of leeway to the local boards in enabling them to determine what are the *facts*. In a given dispute and very often these findings of *fact* are conclusive leaving only broad questions of law to be decided by the reviewing courts.

* * *

So a regional director who is engaged in a partisan political fight to make a political party out of labor's organized groups raises in the minds of employers who must go before such tribunals the question of whether a fair hearing or trial can be obtained. In judicial experience any judge who took leave of absence to fight a case for a party who might appear before his court would be disqualified from ever hearing any further cases in that category.

What is the relationship to the government of an official who has taken "leave of absence"? Actually the official in question has not resigned and holds office under the laws of the United States and is an officer of the federal government. If there had been a resignation a cutting off of all ties including the salary and the power to use the seal and authority of the government itself there could be no possible criticism.

Government officials are forbidden to engage in politics according to the rules in various departments. It has always been taken for granted that members of commissions and judicial tribunals would keep off the stump. It is being said hereabouts to the credit of Marriner Eccles governor of the federal reserve board that he is refusing to make any speeches in behalf of the new deal for fear it would be construed as a participation by the federal reserve board in party politics. The custom has been for persons who act in a judicial capacity to keep out of partisan fields.

There is no possibility however of discipline being meted out to Mrs Herrick or even reprimand from high quarters because there is a precedent on which she justly can base her action. The postmaster general himself a member of the cabinet of the President of the United States has taken only a leave of absence whilst he manages the campaign of the new deal party. It is said that he offered to resign but that the President wouldn't listen to it merely agreeing to let Mr Farley take leave of absence to satisfy the critics.

* * *

The new deal is constantly arguing about the increasing responsibilities of the federal government about the need for modernizing the government because the 48 states are supposed to have outlived their usefulness in certain fields of public policy but as the federal government acquires more power the logical corollary is that it might acquire more disinterestedness more of a spirit of fairness between class interests especially as the problems of labor are so difficult to adjust anyhow without adding complications over the political activities of the tribunals charged with the enforcement of the law of labor relations. This is one of the curious sidelights of new deal policy which liberals and independents alike are at a loss to explain. But it is the history of all parties whether Republican or Democratic that once they acquire power they use every means at their disposal to entrench themselves in office. That's why the disease of government bureaucracy is so much dreaded by the true liberals as the cancer that eats into the highest professions of virtue.

Men and Affairs Under The Washington Spotlight

BY PAUL MALLON

WASHINGTON, Aug. 7—A lot of people have been wondering and talking about what President Roosevelt's reform attitude may be if he is re-elected. A competent White House spokesman here who knows as much about it as any one which is probably not much has this interesting view:

For the next two years the President's main problem would be to put the country on a firmer basis by reducing expenditures and making better progress toward balancing the budget. If business continues to improve and he succeeds in getting his financial affairs into line in the first half of his second term then he might be expected to devote the second half to developing some of his further reform theories. By that time the *complexion of the supreme court* may have been altered by a higher court.

The outcome of the congressional election will be a determining factor in the President's course. If the election is close the Republicans will gain important house strength regardless of whether their candidate wins.

Foresight

Chairman Jim Farley has been seen going in and out of the top advertising *agencies* in New York lately—and presumably not on campaign business.

In the trade they say the super political salesman is looking for a personal post election business connection in *advertising* whether Mr Roosevelt wins or loses. There is some talk that he might establish an agency himself. He has contacts which should enable him to pick up some good accounts although he could not qualify as a copy writer unless he took Charley Michelson with him.

In that business or any other Mr Farley could be chairman of as many political committees as he *wants*. If he returns to the postmaster generalship it will mean only $12 000 a year which is hardly enough to keep the wolf away from the footman.

Contacts

Murmurs of disapproval are heard in some eminent Republican quarters because Chairman John Hamilton has gone on a three-week barnstorming trip of one-night stands and left headquarters to run itself.

Old time politicos are unaccustomed to such a display of personal zeal on the part of a party chairman. Some of them are rhetorically asking who is running for President while others are supposed to have carried mild counter suggestions right up to the door of his office. They did not get anywhere. Hamilton told these cautious advisers that the prospects of success rested largely with the party organization and the organization rested with the county chairman. He wanted to meet every county chairman in the country before the campaign was over.

Also he told them about one county chairman in a central city of great political importance not off the beaten path who had never seen the chairman of the national committee in the 12 years he had been in office.

Promotion

War appears to be just around the next corner when staid England considers an appropriation to give every citizen a gas mask but appearances are sometimes deceptive.

Certain authorities here became interested when they saw pictures of English dogs wearing gas masks in the roto sections. They became amused when they noted news items about a bill just introduced in parliament to provide each Englishman with similar protection.

What they found on inside investigation however is that these dramatizations were probably inspired by purposes other than immediate protection. The British government is carrying a tremendously increased budget for the navy and army. There is no more realistic way to make the average taxpayer appreciate the necessities of national defense than to talk about giving a gas mask.

Warfare experts say the idea of a gas mask for each citizen is somewhat silly anyway as no gas has yet been discovered which could be used effectively against large masses of the population. Existing aerial gasses spread too fast to be of any important use against whole cities or towns.

New York Notes

O. O. McIntyre's Diary of Fact Fancy and Folks

NEW YORK, Aug. 7—Thoughts while strolling: Bull, season for the moths anyway. Three weaving shops in a Madison avenue block. Wonder if Fred Drake knows Ted Gander? Overheard: "She rubies her toes." Mme. Camille de Barbac the real countess housekeeper at the Pitz Lorgnette and everything.

For the Look the Same as They Did 15 Years Ago Club: Bert Lytell. Wonder if Barbara Hutton ever prowled about a Woolworth 5 and 10? Reunion suggestion: The Sunday night fans at the Palace. That thick brogue of Dinty Moore's carriage starter. And the chirpy French and Irish hat check girls.

The Basil Rathbone looking mounted cop with a posy always tucked in his saddle horn. Nobody can write about circus life like Courtney Riley Cooper. Or about Ghetto noises and aromas like Fannie Hurst. H. I. Phillips is the only columnist I know with three homes, the plutocrat.

High in color craziness: Oxblood red shirt and grass green four in hand. Out Howards even Roy himself. Every time I see a window of hair brushes I shrink—spanking memories. For the best pair of stage butler side burns: Little Coleman. With Lucius Boomer a runner up. Top radio philosopher—Jacob Tarshish.

For ten years Ruth Bryan Owen is the almost perfect physical type of American womanhood. She has the statuesque dignity and charm that commands. Plus a soupcon of the oratorical flair of her distinguished father. Also a keen mind for statesmanship. Too she has been a devoted mother. She showed her pride in America by piloting her Danish king's guard husband on a honeymoon tour that included Niagara Falls, Yellowstone National Park and sundown tea in the Euclidean dazzle of the Empire's aerie. Yet the world perversely continues to flinch and wag tongues at middle aged romance. Oddly and undeservedly Mrs. Owen was snipped of much of her popularity.

* * *

Men of wealth no longer it would seem drop everything to chase some beautiful actress about the country as was once a familiar headline. Perhaps the most extravagantly chased of all was the statuesque Lillian Russell. Five millionaires pursued her. One sent $100 worth of flowers to her dressing room nightly. Then there was the man about town Freddie Gebhardt pursuit of Lily Langtry the Jersey Lily. He sat in the first row every night during a tour of America and his fabulous gifts and entertainments have never been equaled. In these days he would be America's No. 1 sucker.

* * *

When Charles Dillingham passed on his bill at the Hotel Astor where he maintained an apartment most of his professional life totaled $75,000. The account was canceled and long before he died he was told he was welcome without charge so long as he lived. There are a number of instances of such pensioner in New York hotels notably so since the Wall Street crackup. There are many men and women too shorn of funds who are allowed to stay on for living perhaps in the former grandeur but comfort. This is also true of a number of aged patrons in the large family hotels.

* * *

In the center of Central Park near the old Casino there is a recessed and curved space for motorists and a oval one looking a grassy sweep—where in the silky wither of summer evenings cars of the pigeon and squirrel feeders are parked. The vendors of peanuts and shelled corn descend as soon as a car stops. One told me that once a bank clerk then on relief he is now making as much as he did at the bank.

SCIENCE ADVISES AGAINST MEALS LOW IN NEEDED "BULK"

Reports ALL-BRAN Supplies This Dietary Adjunct

Scientific tests have shown that meals which miss the proper bulk tend to cause common constipation This condition causes discomfort and may lead to headaches loss of appetite even serious disease

Avoid these faulty meals by adding Kellogg's ALL-BRAN to your menus It supplies generous "bulk" in convenient form This absorbs moisture and gently exercises and cleanses the system ALL-BRAN also furnishes vitamin B and contains iron

The "bulk" in ALL-BRAN is often more effective than that found in fruits and vegetables as it does not break down within the body Two tablespoonfuls daily are usually sufficient If not relieved this way, consult your doctor

Kellogg's ALL-BRAN may be served as a cereal with milk or cream Sprinkle over soups salads or other cereals Or work into appetizing muffins breads waffles etc It adds a delicious nut sweet flavor to your recipes

How much better than taking patent medicines—sometimes harmful! ALL-BRAN is sold by all grocers Made by Kellogg in Battle Creek

Bushels and bushels of excellent quality Georgia peaches are here for canning. Dealers are getting from $2.45 to $2.55 a bushel for them. The season from North Carolina follow the Georgias. The northern peach crops will yield nothing this year, growers said.

California Bartlet pears are coming along in good quantity and quality now and are selling at three pounds for a quarter. Homegrown tomatoes have "perked up" a bit and are available at two pounds for 15 cents.

The first canning pickles reached the market stands this week and 59 cents will bring the shopper an even 100. Dealers commented that the price is unusually reasonable considered the dry weather. The first homegrown crab apples were in sight today. They'll last for a little more than a month so the jelly makers would do well to start counting jars and shine up the old canning apparatus.

When a mirror intended for advertising purposes in public places is approached by a person the changed electrical capacity of the surroundings actuates a sensitive detector that switches on a phonograph record.

Marion Office Joins In Drive On Accidents

Employes of the Ohio Fuel Gas Co in the Marion area are cooperating with employes over the state in designating August as No Accident Month W C Mead district manager announced today.

Careful plans to eliminate accidents during the month have been made Mr Mead said. Each morning crew foremen and department heads present one minute talks to their staffs in the interest of safety and accident prevention while all other means are used to keep each individual alert to the necessity of using caution.

In a similar program last year Mr Mead said the company's employes not only worked without a disabling injury in August but through September and October as well.

WRECKAGE OF TRANSPORT PLANE IN WHICH EIGHT WERE KILLED

Eight persons including five Chicagoans and three veteran pilots were killed Wednesday night when a transport plane northbound from New Orleans plummeted out of the sky and ended in a heap of twisted wreckage two and a half miles north of the Robertson airport in St Louis. The crash occurred a few minutes after the plane took off from the St Louis airport. The twisted wreckage of the plane is shown above.

SPRING STYLES SELECTED FOR NEW U. S. WARSHIPS

Designs for $50 000 000 Crafts Made Ready Pending Program Notification from Britain

By The Associated Press

WASHINGTON Aug 7 — The navy, ready to resume building $50 000 000 battleships after a lapse of 13 years has selected its spring styles for the newest and mightiest sea fighters in the world.

Designs for the two battleships scheduled to be built next year have been pushed naval officers said today in the expectation that Great Britain formally will notify the United States of its capital ship-construction program within the next month.

Approved by Board

The spring styles —a technical naval term—constitute the few best designs approved by the general board from the multitudes of sketches made to show various combinations of speed gun power protection and other vital characteristics obtainable within the limitations of 35 000 tons.

Actual building will not start however until President Roosevelt has authorized construction. Congress already has earmarked $100 000 000 for new battleships contingent on some other nation laying down keels for new ships.

Great Britain has announced it will begin building two new dreadnoughts immediately after expiration of existing naval treaties on Jan 1.

Must Give Data

Under the new London treaty the signatories—United States Great Britain and France—are pledged to exchange confidential data on tonnage length beam horsepower speed fuel type of machinery number and caliber of guns and torpedo tubes and aircraft to be carried at least four months before laying down the keel of any naval vessel.

Although the treaty has not yet been ratified officials said today they expected the British to observe its spirit by communicating the specific information required before the deadline.

The American plans will be—in return—communicated to the British at the proper time. Japan refused to sign the pact and will not be given the data by either Great Britain or the United States.

HARDIN FARM BUREAU FIGHT NEARS CLIMAX

Factions Draw Up Separate Lists of Candidates for Board of Directors

Special to The Star

KENTON Aug 7 —Two complete slates of candidates for members of the Hardin County Service Co were announced today by opposing farm bureau factions as a membership of approximately ... farm bureau affiliates prepared to meet ... here to ... and elect a service company board.

The D H Ralston Willard Holland faction nominated Ed Sherman Loyd Oates Frank Kritzle Irvin Kraft Fred Brock B F McCullough and Paul A Carpe and went on record as favoring a non-partisan chairman at tonight's session and the formation of a new cooperative service company.

The F H Steiner group countered with a platform embodying the making of all activities of the farm bureau under one cooperative organization demanding the election of a new manager to replace Willard Holland and the issuance of three shares of stock of a par value of $10 to each member. Nominees of the faction are F... Williams John D Wagner G... Dodds F H Steiner D A Carey L V Arn and Earl Roberts.

THE WORLD WITH A FENCE

A New Novel by Marian Sims

... in rt of ... just ... with ... of ... had to ... the high ... Be ... her but ... there ... her hands ... of a ... hand ... steer the ... but his face ... the high

... Hind ... e was ... Mike ... for to- ... She was ... ever seen ... He won ... anything ... Anna ... ever

... down at ... big ... of a ... he ... at him ... long

That was a new idea. He sniffed suspiciously and decided to let it lie there He said deliberately

"That's mighty sweet of you but I guess I won't risk it.

Annabel frowned and then decided to look pathetic again Please, Mike Ask me for a date sometime"

He squirmed He wasn't sure he wanted a date with her even if he could get it.

I'm—pretty busy during football season When you practice all afternoon it means you got to study at nights"

Not on week ends surely "

She turned her face up to him and Mike felt a hot prickling sensation in his stomach He'd seen that sort of look before but not on a face like Annabel's She ought to have a brother to tell her what was what He said uncomfortably

No—not on week ends But I'm not coming to your house just to get kicked down the steps

You won't She moved closer If I ask papa first tell him you want to come if he'll let you and he says yes then will you ask me for a date?

That looked to him like an out o he snatched at it eagerly Yeah If you'll promise to tell him who I am

Oh I will She was radiant Mr Monroe was a busy preoccupied man who delegated all disciplinary measures to his wife and his wife was lazy and malleable. Already Annabel could visualize herself wearing Mike at her belt She gave a little skip as she left him

Don't forget now You've promised

Sure"

He went on to the woodshop and assaulted a lathe with furious energy He snatched up a popular birch and began turning a chair leg

• • •

But the next day Annabel was lying in wait and before the triumph in her eyes Mike's heart sank like a sounder

Mike He said it was all right He said he thought that kind of attitude was undemocratic

That was glaringly untrue Mr Monroe had said Hannigan Who's he" and Annabel had waved a hand He's in my class—about the smartest boy in school She clinched it with He plays full back on the team

The fact that Annabel had asked permission should have warned Mr Monroe but it didn't He went back to Roosevelt's speech on the NRA

And so Annabel smiled into Mike's clouded blue eyes I'm going to save Saturday night for you Don't forget now

He turned his back on her and went to his history class For the first time since school started he forgot the answer to a question Miss Torrance asked him and he took no part in the discussions Annabel sat across the aisle from him with her slim legs crossed under the desk and the entire length of her thigh outlined He raised beseeching eyes to Miss Torrance and Carol caught the appeal in them and felt dread rising in muddy her thinking

• • •

On Saturday night he caught a ride from the mill village to town then walked to Annabel's house

It was an expensive uninspired house cream brick with a green tile roof and a wide porch supported by square brick columns He set his jaw and rang the bell and Annabel met him at the door She had on some sort of red dress that made her look five years older and he was more afraid of her than ever

She took him in and introduced him to her mother and father Mrs Monroe's eyes widened at the sight of him not even Annabel's enthusiasm had prepared her for this Mr Monroe put down the magazine he was reading and said Glad to know you Annabel tells me you play football

Mike fumbled with his big hands Yes sir I'm hoping to get to college on it

That so? What college?

Carr university I want to be a lawyer

Mr Monroe nodded approval Good business He looked thoughtful Ordinarily he had no interest in the pups Annabel dragged in but this boy was different

Soon after that Annabel maneuvered him expertly into a small er sitting room The nights were getting a little too cool for the porch swing or she would have selected that

She sat on a couch and made him sit beside her then she snuggled down against his shoulder He could smell some sort of thick perfume she had put on her ears and her red dress was too low in the neck The palms of his hands were wet

She talked very fast at first about school and what a grand fullback he was and Miss Torrance's date was crazy about Dennis Ford, wasn't she?

At ten o'clock she led him to the kitchen with her and fussed prettily and domestically about, getting out orange juice and cake And when they came back to the couch she wriggled herself under his arm and lifted her face to him He ached to walk out and leave her but there was that thick perfume and the red dress that was much too low in the neck He kissed her savagely and felt her lips part under his and her knee pressing against him

After that he made a queer smothered sound under his breath and quit fighting

Mike's situation reaches Carol, tomorrow

Annabel snuggled down against Mike's shoulder

The Stars Say—

For Saturday, Aug 8

A very lively and interesting day is forecast by the prevailing lunar and mutual aspects of important planets Nevertheless there are indications of loss difficulties disturbances and regrets unless proper vigilance and prudence is maintained

Those whose birthday it is should be prepared for a very lively year with favorable prospects if affairs are managed prudently and calmly Self indulgence extravagance quarrels tumult wild deeds and snap judgments may result in loss and calamity Shun speculation and be guided by substantial and friendly elders

A child born on this day may be brilliant energetic and creative but may be restless wayward and impetuous

ARTHUR BRISBANE'S COLUMN ON PARIS

(Continued from Page 6)

hurt, snatched the ice cream away as if it were her pet chihuahua that I had been surreptitiously kicking around. The large man in black projected himself forward and demanded to know what I wanted. I was writhing dreadfully now, miserably mumbled something about 'un soda American' and dropped a dozen tennis balls that I had bought.

"I retrieved them, collided lightly with a small boy in a dirty smock who had thrown in his lot with us. When I arose, I found that the large man had seen the light and had the situation in hand. The magic word 'Americain' had done it.

"While he was explaining my wants to the injured girl, I was trying to tell her that she need only put the slighted ice cream in a glass, and add soda, to satisfy me completely. I leaned earnestly over the counter to lend force to my words; I wanted to show her there was a way, but it was no use. She grasped the dish firmly and hid it, then proceeded to compose the 'soda Americain.'

"She made me feel grateful for her goodness in not asking the big man, gazing balefully at me over her head, to do me bodily injury. Meanwhile, the 'soda' came into being, and a remarkable one it was. She took a medium sized wine glass, and placed therein a meager tablespoonful of chocolate ice cream; 'et puis' she added a *dab of whipped cream and administered a good stirring to the whole.*

"At this point my gallery began to break up; the small boy alone retained interest in the process and often glanced at the intrepid American who was about to partake of the frightful mess.

"Having stirred well, the talented girl produced a syphon bottle from which she decanted a few tablespoonfuls of feeble soda water and presented the result with a martyred air. I could not help smiling as she did so, rash fellow that I was; the big man leaned on the counter and looked me square in the eye. I hastily seized the glass and drank it off with many murmured sounds of enjoyment.

"The small boy watched me until he was quite sure I would suffer no ill effects, and then left. The large man turned his back on me. The resolute girl began polishing glasses. The incident was closed.

Return Bout Booked For Von Bromberg, Tremaine

A three feature wrestling program has been arranged for the bill-of fare at the Uncapher avenue arena next Monday night. The card will include the two usual hour and a half scraps and a special half hour prelim nary

Count Von Bromberg of Germany and Andy Tremaine of Phoenix Ariz combatants in a disputed match here last week will return in one of the main bouts Ken Hollis of Texas who recently has been earning the title of the scourge of the west coast will come here to meet Toots Estes the youthful Elk City Okla battler in the second main go Swede Hanson of Sweden conald ... tons in the junior middle weight division of the grappling world will tangle with Art Perkins of Detroit in the half hour opening event

Von Bromberg's return here to meet Tremaine should satisfy ired fans who last week protested the decision on the final fall which gave the encounter to the German The Count ringside spectators averred held his foe in the ropes just long enough to keep Tremaine's shoulders on the mat while Referee Tom Temple called the fall The angry crowd was aroused to a near riot stage and milled about the dressing room as Temple retired from the ring

Temple's decision whether wrestling patrons liked it or not was made as the official saw it ... which Temple maintains ... the basis for all decisions ... Browning of Toledo regarded with the National Wrestling association as an official ... be the third man in the ring next Monday night ... announced today The ... a reflection ... but was made to ... prejudiced ... when they ... were ...

Ken Hollis ... husky grappler ... making his first appearance ... more than a year Toots Estes ... opponent has been here frequently during the past several ... and has created a large following among Marion fans who have plenty of admiration for the youngster

The Hollis Estes match should bring plenty of fast tingling and it probably will remain a clean bout unless Hollis chooses otherwise Hollis comes here from the west coast where he has been earning an enviable reputation in the mat game

Plenty of action in the curtain raising half hour tangle will be supplied by Swede Hanson and Art Perkins Veterans who follow the game predict that Hanson should have a slight edge on the Detroit boy but assert the ... may run into plenty of difficulty in the 30-minute go The card is set to begin at 8 30 o'clock

Huber and the Marion Steam Shovel entries in the Commercial league the only teams remaining in the pennant race were dead locked in a first place tie as the result of games played last night Huber was stopped 4 to 3 by the Marion Merchants while the Marion Steam Shovel club scored a 3 to 2 victory over Fairfield Both teams have an identical record in the standings having won 10 of 12 contests with one scheduled and one postponed contest to be played

The Keytown Campers blanked the Lawrence Markets 8 to 0 and Prospect forfeited its game to the Excavator squad In other contests set for last night

The Marion Merchants scored four runs on three hits in the initial inning and through Primmer's two-hit pitching held the strong Huber team to but three runs in the remainder of the game An uprising in the third frame which netted Huber two runs largely as the result of three walks was quelled just in time Huber succeeded in adding a lone tally in the fifth but failed to overtake the early lead piled up by the Merchants

Manny Whitcum's hurling for the Fairfield team almost stopped the Marion Steam Shovel squad from stepping into the tie for first position Whitcum fanned eight batters and allowed the M S S team but five hits in its 3 to 2 victory over Fairfield The defeated club collected seven hits off the M S S hurler Snyder but four fielding errors handed the opposing team too many scoring opportunities Weber Walker and Whitcum each doubled to account for the extra base hits of the Fairfield team

The Keytown Campers displayed a marked supremacy over the Lawrence Farm Market team by setting down the contenders 8 to 0 Coxy Weiss was on the mound for the Campers and allowed the opponents but six scattered hits

PREDICTS SHAKEUP OF CINCINNATI REDS

By The Associated Press
CINCINNATI Aug 7—General Manager Larry S MacPhail gave his Cincinnati Reds something to think about today besides the prospect of jumping into fourth place if they win a double header with Pittsburgh

There'll be plenty of new faces in the Reds 1937 starting lineup he said last night as he left for a three weeks swing around Red Leg farms

Quite a few members of this year's team—built largely around the club's 1935 kid outfit—will be on the trading block MacPhail added

CLEVELAND IRISHMAN LEADS OHIO GOLFERS

McCarthy and Bob Servis of Dayton Favored in Ohio Amateur

By The Associated Press
TOLEDO O Aug 7—Bob Servis of Dayton and Maurice J McCarthy Jr of Cleveland teed off against lesser known quarter final opponents in the state amateur golf tournament today with dopesters expecting them to meet tomorrow in the 36-hole final

Servis and McCarthy are the only remaining former titleholders of seven who started the qualifying round over the Inverness course The Cleveland Irishman is one over par for 70 tourney holes and Servis five over for 72 holes

Today's quarter and semi final matches were over the 18-hole route Byron (Barney) Hunt the Columbus public links golfer was figured as a dark horse to reach the final

The Dayton youth winner in 1933 medalist of this year's meet and scorer of a hole in one on the 146 yard thirteenth yesterday was a favorite to take Walter Barton of Akron out of the play today

McCarthy 1934 victor was an odds-on favorite over George Parsons Akron public links player and rubber plant clerk

In the other matches Eddie Melaier 125-pound Cleveland youngster (Tattie) Hunt while Hamilton Hedges of Columbus faces Harry Switzer of Cleveland a great shot maker Yesterday's scores indicated that both matches were toss ups

The 1935 champion Neil Ransick of Cincinnati Joe Wells of East Liverpool victor in 1924 and Parker Campbell of Toledo the 1936 title holder failed to qualify for match play Johnny Florio of Columbus 1929 and 1932 winner and Clen Bishop of Toledo 1930 champion were eliminated in the second round yesterday

BREWERS ADD TO A. A. LEAD WITH TWO WINS OVER COLUMBUS

Milwaukee Sweeps Surprise Double Header St Paul Whips Louisville 10 to 8

By The Associated Press
CHICAGO Aug 7 — Thanks to a surprise doubleheader the Milwaukee Brewers had a little firmer grip on that slippery American association leadership today

The pace-setting Brewers yesterday had a single game scheduled with Columbus but Circuit President George Trautman shortly before game time ordered a twin bill to make up for a recent postponement at the Red Birds park Milwaukee won both by scores of 4 to 3 and went practically six games ahead of the second place St. Paul club

Joe Hevirg ... the win of the season in the opener beating Mike Ryba despite Jack Winsett's 40th homer of the year In the second game LeRoy Mahaffey hurled effectively in the pinches to beat Vernon Potter ... signed during the day by Columbus to Toronto in the International league The nightcap was called in the seventh because of darkness

The Saints took close to the Brewers heels by rallying to whip Louisville 10 to 8 in the final game of the season between the clubs Manager Gabby Street's aggregation scored eight runs in the eighth inning off Fred Shafer and Jim Peterson the latter being charged with the beating Henry Steinbacher ran his string of games in which he has hit safely to 37

Indianapolis made it three games out of four from Minneapolis as Jim Turner shut out the Millers 7 to 0 By turning the trick Turner became the first pitcher in more than two seasons to blank the Kels at Nicollet park Jake Flowers Tribe third sacker hit two homers

Toledo and Kansas City battled nine innings to an 8 all tie before their night game was called to enable the Hens to catch a train The brood tied up the score in the ninth with a four run rally

TRIM BROWNS TWICE AS TIGERS SHUT OUT INDIANS; CARDS GAIN

Sox Only Half Game Back of Cleveland, Rookie Blanks Tribe

By The Associated Press

Jimmy Dykes old boss Connie Mack has been an unintentional Santa Claus to his ex pupils Chicago White Sox this year

If it wasn t for the pitchers Connie cast off and Jimmy took on Dykes Sox wouldn t be anywhere near the American league second place they threaten to take over any day now

First it was Vernon Kennedy then Sugar Cain and now bespectacled Bill Dietrich whom Mack gave up and Dykes signed up

In the 26 game drive since July 13 which swept the Sox from sixth place into the thick of the fight for second these three have accounted for 11 victories

Dietrich the more recent acquisition from the A s by way of the Washington Senators has taken his three starts so as to allow his opposition an average of only slightly more than five hits a game—a trick he never accomplished while with the Athletics

Dietrich and Cain combined yesterday to pin back the ears of the St Louis Browns in both ends of a doubleheader thereby pulling the White Sox up to a bare half game back of the slowing Cleveland Indians

Cain won the opener 9 6 with the aid of young Minter Hayes hitting which accounted for four of the Sox runs Dietrich let the Brownies down with just five hits in taking the nightcap 4 1

The Indians found their second place standing on the fire for the first time in weeks by the Sox double victory and their own loss yesterday to the Tigers 9 0

They were shut out 9 0 by Rookie Jake Wade s seven hit pitching and a 15 hit Tiger attack

Although their game with the Red Sox was washed out the Yankees found their American league lead stretched to 11½ games by the Indians defeat

St Louis Gas House gang of Cardinals pulled out three full games in front of the National league pack by knocking off the hitless Chicago Cubs for the third straight day

With Dizzy Dean bearing down in the pinches to chalk up his 18th victory of the year the Cards won out 8 2 in the 11th inning on Johnny Mize s game wrecking homer

Rain and threatening weather washed out the rest of the major league program

The A s had scored four runs and the Senators three before the weather halted their contest in the second inning

PLANS ANNOUNCED FOR LITTLE WORLD SERIES

Marion s city softball leagues are fast moving to the close of the season Only one more week of the 14 round schedule remains to be played When the regular season closes next Thursday night with the game in the Commercial league a few major but postponed conflicts will be the only contests before the start of the Little World Series

The series, according to a recent decision of the Marion softball commission will pit the respective winners of the three twilight loops against each other in a double elimination tournament In other words after the three teams which finish at the top of the two Sunday School leagues and the Commercial loop draw for pairing in the tourney each team must meet defeat twice before being permanently eliminated from the series

The week of Aug 24 has been set aside for the playing of the set aside for the playing of the Little World series which is to be held at Lincoln park All games are to be played in the early evening instead of under the flood light Several reasons prompted the commissioners to reach the decision in favor of the twilight games A larger number of interested spectators will be able to attend the twilight encounter officials believe and too the twilight squads have not played together under the lights this season Some claim that a better brand of ball will be seen in the series if it is played at twilight because the teams are accustomed to playing at that time

Friday Aug 14 has been designated Stadium Benefit night by the commissioners The Epworth Bishops and Wesley entries in Sunday school league No 2 who completed a previous eight inning game in a 3 to 3 deadlock are matched for the benefit program Both the Bishops who head the league and the Wesley team will be fighting for honors for the game virtually holds the key to the No 2 pennant winner

If the Wesley team loses it will be the team s third defeat this season which will automatically eliminate it from a claim to the pennant If the Wesley club wins both teams will still have a bid for top honors because the Bishops have suffered but one defeat this season The Salem club third contestant in the three way fight for the top rung in the standings will make its supreme effort to grab the coveted banner when it meets the Bishops in the season ending game Tuesday night

Ten cents admission will be charged at the Stadium Benefit game and the receipts will be added to the present fund to support the proposed WPA concrete stadium project The project approved by government officials in Washington is now being held up until the sponsors share of the $20 000 necessary to erect the structure is assured The softball commission has solicited other civic organizations in the city for aid in raising $1 500 the amount yet needed to put the project over

UNION COUNTY REA ALLOTTED $336,000

To Build 284 Miles of Power Lines To Serve Farmers in Cooperative System.

Special to The Star

MARYSVILLE, Aug. 7 — The Union Rural Electric Cooperative, Inc., formed to furnish electrical service in the rural districts of Union county on a cooperative basis, has been alloted $336,000 by the government, it was announced Thursday, by Thurman Skidmore, secretary of the organization. Under the present allotment, 284 miles of lines are to be built in the county.

The minimum for service is $2.50 for each member of the cooperative, with a scale of rates not yet announced. Membership in the cooperative is $10. Officials here have not announced where they will buy the electric power.

The cooperative under the federal regulations is empowered to provide service in all parts of the county not now served. It will have members in every township, Skidmore said. On some roads every farm has been signed. The construction of new lines will serve more than one thousand subscribers, the number of which is increasing daily, Mr. Skidmore said.

H. W. Brooks of York township is chairman and manager of the present board of the association. The board working with Mr. Brooks is as follows: Earl Brake of Allen township, Herbert Rex of Liberty township, Lee Travis of Dover township, Pearl Middleworth of York township, Herbert Hooper of Jerome township, and Thurman Skidmore, secretary-treasurer.

FORMER SCHOOL HEAD IN KENTON STRICKEN

Retired Educator Dies at Home of Daughter in Cleveland.

By The Associated Press

CLEVELAND, Aug. 7 — Funeral services will be held tomorrow for Norman Edward Hutchison, 82 retired Ohio school official who died yesterday.

Hutchison, a native of Jasper, N. Y., served as superintendent of schools at Bryan, O., and as assistant superintendent in Toledo before becoming superintendent at Kenton, O., in 1902.

He retired in 1919 to make his home with his daughter, Florence, wife of J. E. Kewley, a vice president of the General Electric Co. He is survived by another daughter, Mrs. F. W. Brode of Toledo. Burial will be at Toledo.

BUCYRUS COMPANY ASKS FUND DECISION

Seeks Tax Settlement To Remove Receivership as Alternative to Moving.

BUCYRUS, Aug. 7 — Upon the failure of commissioners and the Crawford county prosecutor to settle the case of the W. A. Riddell Manufacturing Co. in Bucyrus, according to information released Thursday by H. E. Holbrook, general manager and receiver for the plant for the last six years.

A program for the removal of receivership through private capital is now under consideration providing the county will accept $45,000 in payment of a $90,000 tax delinquency, Holbrook has announced. If the county declines to accept this offer the plant will be liquidated and moved to Mansfield, where, he states, support has been assured.

More than $1,000,000 has been paid in salaries by the plant in Bucyrus since the company went into receivership. One hundred persons are now listed on the payroll.

In explaining the delinquent taxes Holbrook stated, "I thought it best to keep the plants open and men employed in preference to the payment of the taxes." To accept or reject the proposition rests in the hands of the Ohio tax commission and the county prosecutor. The plant manufactures power graders.

WHEAT UP TO $1.06 ON MT. GILEAD MART

MT. GILEAD, Aug. 7—Wheat rose to $1.06 on the local markets today. It was the highest price paid for wheat in Mt. Gilead since July, 1933, when the same level was reached for two days, only to drop back to 90 cents within a week.

Brisk Buying Brings Advance on Broad Front, Chrysler Sets Motor Pace

By The Associated Press

NEW YORK, Aug 7—Rails sped forward with increased momentum today hauling the rest of the stock market along

On brisk buying gains of fractions to a point or so were turned in by Southern Railway Santa Fe Pennsylvania Baltimore & Ohio Delaware & Hudson Great Northern preferred and New York Central

The advance included virtually all groups except the can shares

Chrysler led the motors forward with a rise of around 2 points in the early afternoon General Motors went ahead about a point and other automotive issues were modestly improved

The steels which held fast to early gains of fractions to around a point included U S Steel and Youngstown Sheet & Tube Bethlehem gained about 2

Westinghouse Deere and Allied Chemical were high steppers gaining 2 points or so the latter reaching a new high for the third successive day

Foreign exchanges were mixed Cotton rallied Grains were down Weakness in Italian loans was the high spot of the bond market.

The slightly more than normal increase in circulating cash reported by the federal reserve system for the week ended Wednesday was seen in some financial circles as evidence of further expansion in retail trade and payrolls

Further acceleration of wholesale buying was cited by Dun & Bradstreet Inc in its weekly trade review

The pound sterling opened ⅛ of a cent higher at $5 02⅛ The French franc was unchanged at 6 59 cents
